

STATEMENT OF VOLATILITY

Memory Information

Product: MicroStrain PN 6308-4200 (SG-Link-200-OEM)

Part Number: EFR32MG13P732F512IM48	
Memory Type: Flash, SRAM	Memory Size: Flash: 512Kb SRAM: 64kByte
Memory Function: Program execution and storing user settings	
User Modifiable (Y/N): Yes – limited regions. A small portion of flash dedicated to storing user settings can be written and read through software/API provided by HBK.	Volatile (Y/N): Flash: no RAM: yes
Memory Erase Processes: None	

Part Number: IS25LP128	
Memory Type: Flash	Memory Size: 16Mbyte
Memory Function: Used internally for datalogging and firmware upgrades	
User Modifiable (Y/N): No	Volatile (Y/N): No
Memory Erase Processes: Logged data can be erased through software/API provided by HBK	

Part Number: 23LC1024	
Memory Type: RAM	Memory Size: 128kbyte
Memory Function: Used internally for temporary data storage	
User Modifiable (Y/N): No	Volatile (Y/N): Yes
Memory Erase Processes: Power cycle the device	

Sincerely,

Authorized Signature:
